

Penquis 50th Anniversary Information Sheet

2017 is Penquis Community Action Program's 50th year of empowering individuals, informing leaders, and inspiring communities on behalf of central Maine's most financially vulnerable people.

Penquis believes that all Mainers should have access to safe, affordable housing, reliable transportation, economic stability, and that all children should have the opportunity to achieve optimal health and develop in safe nurturing families and environments.

Penquis boasts Penobscot County's 16th largest workforce, providing employment opportunities to close to 400 individuals dedicated to supporting their community.

The 50th anniversary is Penquis's opportunity to reintroduce the organization to the broader community through a series of externally focused events, such as **Cocktail for a Cause**, scheduled for **September 21** from **5:30 – 8:30 PM** at Bangor's renowned **Tarrantine Club**.
